

★ The Jet Wing attaches to your Jet Drive outboard intake

★ Assembly and installation requires **NO DRILLING** and **NO MODIFICATIONS** to the motor

★ Total time to assemble and install is typically 15 - 30 minutes

★ Assembly and installation instructions, hex wrench and hardware are included

★ Made from thermoplastic material with outstanding impact resistance

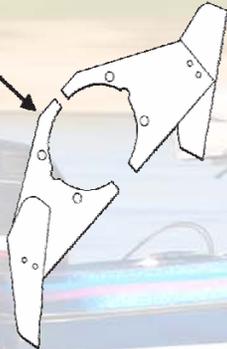

★ Contains a proprietary weatherable cap layer for improved performance in most environments - making Jet Wing an excellent component for marine conditions where good weatherability is required

★ 3 models to choose from - fits over 50 different jet drive outboard motors\*

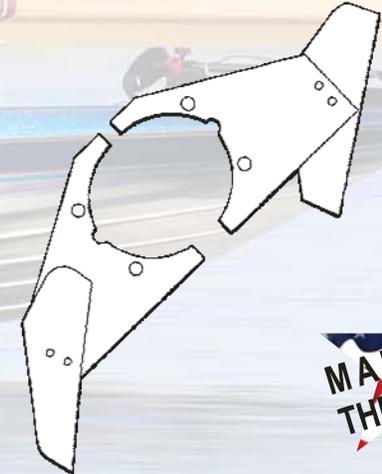

★ 1 year warranty on parts and material

★ Manufactured and packaged in USA

\* See your authorized Jet Wing dealer or call (570) 784-1572 for questions or help with model applications.

The Jet Wing provides the improved steering control and response you need in low speed situations such as: trolling, maneuvering around obstacles and in launching and retrieving operations.

**FITS OVER 50 DIFFERENT JET DRIVE OUTBOARD MOTORS INCLUDING:**

- ★ Johnson/Evenrude ★
- ★ Mercury ★ Yamaha ★
- ★ Suzuki ★ Honda ★
- ★ Tohatsu/Nissan ★
